## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Attn: Mr. Alan Davidson  
Zeus Securities, Inc.  
Hauppauge, NY 11788-0141

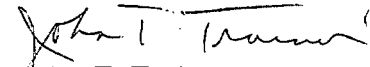

I have audited the accompanying statement of financial condition of Zeus Securities, Inc., as of December 31, 2004, the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, subject to the qualification as to pending litigation against Zeus Securities, Inc. (please see Note 6, page 10), the financial statements referred to above present fairly, in all material respects, the financial position of Zeus Securities, Inc. as of December 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

I conducted my audit for the purpose of forming an opinion on the basic financial statements taken as a whole. The information included in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Mr. Alan Davidson  
Zeus Securities  
Hauppauge, New York 11788

Dear Mr. Davidson:

I have audited the financial statements of Zeus Securities, Inc. for the year ended December 31, 2004 and have issued my report thereon dated February 28, 2005. As part of my audit, I made a study and evaluation of the Company's system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by Zeus Securities, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g) and in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11).

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against

loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations to any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My study and evaluation, made for the limited purpose described in the first paragraph, would not necessarily disclose all material weaknesses in the system of internal accounting control at Zeus Securities, Inc., taken as a whole. However, my study and evaluation disclosed no condition that I believe to be a material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Commission Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding, and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2004 to meet the Commission's objective.

This report is intended solely for the use of management, the Security Exchange Commission, and the National Association of Securities Dealers and should not be used for any other purpose.
